Roll: 2420090142
Name: Y. V. Likhith

Trello

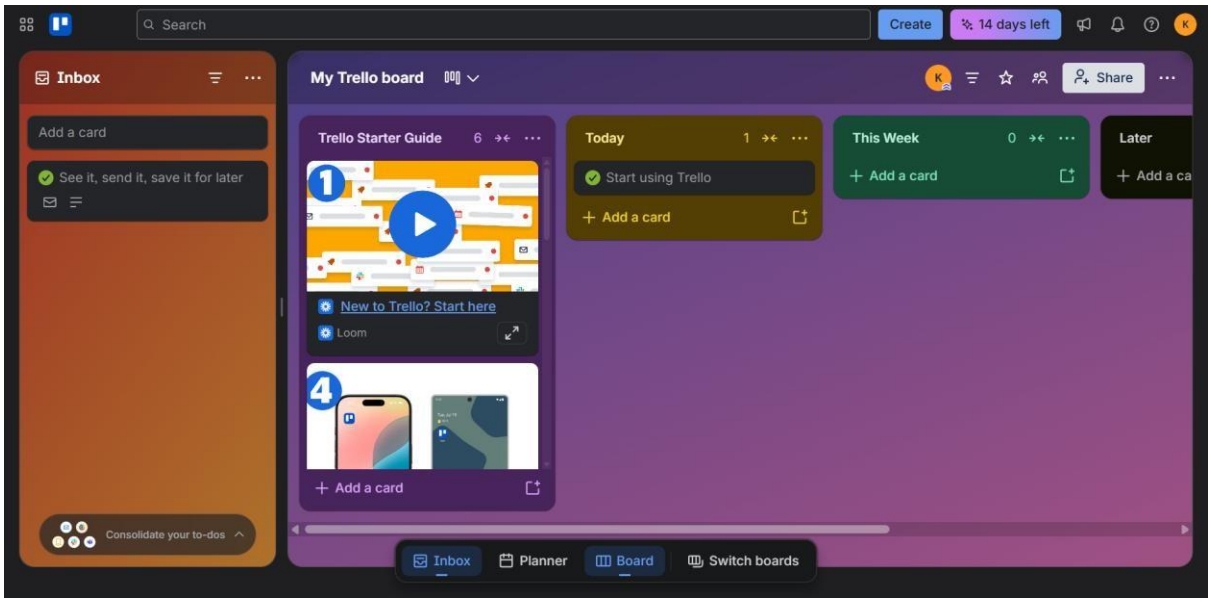

- Open a web browser.
- Search **Trello**.
- Click on **Trello Atlassian**.

- Sign up or log in using your Atlassian account.
- Create a new **Workspace**.
- Create a new **Board**.
- Enter the board name and create it.
- Create lists such as **To Do**, **Doing**, and **Done**.

- Add task cards to the **To Do** list.
- Assign members to the cards.
- Set due dates for tasks.
- Add labels to organize tasks.

- Attach files or documents if required.
- Move cards from **To Do** → **Doing** → **Done** as work progresses.
- Track the progress of the project using the board.

- Complete all tasks and review the board.

Outcome

Successfully learned how to use Trello for project planning, task management, team collaboration, and project tracking.
